The OffShore Rib Rally 785 – The nautical myth was created...

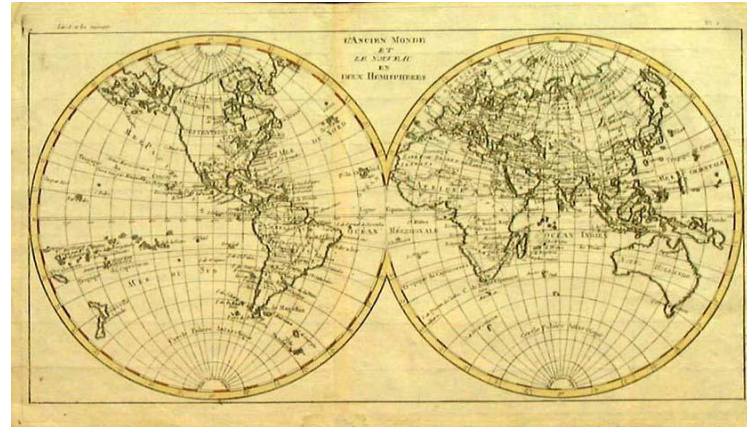

For about 15 years now, the basics of the OffShore Rib Rally 785 have been developed at the all Sports Resort Maurik, a full-service outdoor experience resort in the center of The Netherlands. Off-Road Motorcycles, Quads, Jetski's, Jeeps and of course many boats are aligned at this center, where many business events are organized. It was in 2005 that all Sports Resort Maurik got hooked-up with the RIBs...

- 2005: Participation in Rio de Janeiro and Sao Paulo, Brazil
- 2006: Setup of the Dutch Selection and organization of the Dutch 5 Team Equipe in Phuket, Thailand
- 2007: Co-organizing the Sea Grand Prix in IJmuiden – The Netherlands

The OffShore Rib Rally – World Final: The Middle East Experience

OffShore Rib Rally 785 – The Ultimate Ocean Experience

Nautical Adventure to the maximum! That is what the OffShore Rib Rally 785, Rib Rally in short, definitely stands for! If you are looking for a true sensation on open water, intense competition and above all, the adventure of a life time, the Rib Rally is the event you want to join!

Rib Rally – open for all nautical adventurers

Within the Rib Rally, it is all about you. Together with your team members. And your team having the possibility of living out your dream of speed, waves, and forever lasting experiences on the oceans! Within the Rib Rally, there are possibilities for both the enthusiastic amateurs and the (semi-)professionals. You do not need to have a multimillion dollar budget, you do not need to have major sponsorship, you do not even need to have your own boat! Willing to go for mental and physical challenges and a strong amount of guts is what it takes to get on the water and live your dream!

RIB – The toughest boat on the water

The Rigid Inflatable Boat, RIB in short, is the best sort of boat to conquer the waves. With their strong body and their flexible inflatable tubes, these boats are the ones which will defeat the elements, and not the other way around.

Most of the RIBs are powered by strong outboard engines, with which speeds of about 100 kmph / 54 Knots are reached. An absolute sensation while you are jumping the waves, sometimes reaching up to 3 or even 4 meters high!

Identical Ribeye 785s Limited Edition vs. your own RIB

All is possible within the Rib Rally events. The organization presents a fleet of 15 identical RIBs, the amazing Ribeye 785s LE, all powered by the strong Yamaha F250 Outboard Engine. Renting this boat is a possibility for all, but you can also take your own RIB to the scene.

Of course, different classes are set up for different RIBs, according to length and power. And in the end, to measure the purest quality of the teams, the UniClass with the Ribeye RIBs is there to join.

European Tour and World Final

The OffShore Rib Rally 785 presents a wide series of events to join. There is the European Tour, which consists of 5 Events, spread out through the year and all over Europe. And there is the ultimate Rib Rally Experience: The Rib Rally World Final, the event in which all elements of the adventure called Rib Rally come together and create the lifetime experience for all nautical adventurers!

Get geared up and get on the water; The OffShore Rib Rally 785 will bring you the experience of your life!

The OffShore Rib Rally 785 – Event Setup

The OffShore Rib Rally 785 is a series of events, in which all nautical adventurers can find their experience. Well organized events, full hospitality service, a strong medical assistance and a professional media production are all part of the Rib Rally. If you want, you only have to pack your helmet, and the rest is taken care of for you!

Who can join the Rib Rally Experience?

Simply said: everybody can join the Rib Rally. Well, that is, you have to be over 18 years old, and be in an more than moderate and mental condition. You do not need to be a professional, you need to own your own boat, you do not need to have a major behind your team.

The only thing that is needed, is that you have a team to participate Rib Rally is a team-sport, meaning that for the European Tour, a least 2 persons is required at all times. For the World Final, a team of a minimum of 4 members. Guys, girls, mixed, all is possible, everybody is welcome to join.

Participation possibilities

There are different ways of participating with the Rib Rally Events:

- You can come with your own RIB or rent the Ribeye 785
- You can participate in only one, or in all the events
- You can arrange everything by yourself, or just simply let us do that and get your gear and key at the first briefing

European Tour and World Final Calendar and Event Summary

In 2010, the OffShore Rib Rally 785 will organize no less than 6 events! Some short, some long, some in Europe, some around the globe. But all of them have one thing in common: it will give you the nautical experience of a lifetime!

Event	Date	Venue	Country	Rallies
Coastal Run	April 10	IJmuiden	Netherlands	2 Rallies of 40NM each
Costa Challenge	May 13-16	Barcelona	Spain	4 Rallies of 45NM each
UK Classic	July 15-18	Dartmouth	Great Britain	4 Rallies of 50NM each

Scheveningen Triangle	Sept 24-25	Scheveningen	Netherlands	2 Rallies of 45NM, 2 ST Rallies

Middle East Experience	Nov 27 – Dec 4	Middle East	Full Week Nautical Adventure
------------------------	----------------	-------------	------------------------------

OffShore Rib Rally 785 – The Full Nautical Experience...

The Rib Rally is of course about boats, high speeds and conquering the waves. But there is more about the Rally! It is a full scale nautical adventure, which means that not only boats are part of the event, but as well are jetski's, some physical challenges, good hospitality and great fun!

This is all arranged by the full team of the organization, including medical care, technical service and hospitality arrangements.

Rib Rally – The Classes

During the European Tour, there are several classes in which a team can enter, all depending on whether they bring their own RIB, and what kind of RIB there is. For The European Tour 2010, the following classes will be held, depending on the amount of participants in each:

Class	RIB	Engine	Remark
Minor	6 – 7,5 meters	100 – 200 HP	
Major	8,5 meters or more	Double, triple or quadruple engine	Also inboard RIBs will be classified in the Major Class
Ribeye	Ribeye 785s LE	Yamaha 250HP	Also classified in Open Single
Kings Class	7,5 – 9 meters	200 – 350 HP	

World Final: Only the Ribeye 785s LE UniClass

During the OffShore Rib Rally World Final, only the Ribeye 785s LE will join the scenes, as this is the purest form of rallying: identical boats, identical equipment, winning is all about talents and team capabilities!

Ribeye 785s LE and the Yamaha F250

The Ribeye class will only consist of the custom made Ribeye 785s LE, which is powered by the Yamaha F250 Outboard Engine. This amazing combination of RIB and Engines, makes a strong setup for the extreme waters that will be encountered during the Rib Rally Events.

It also creates the perfect possibility for teams to join, even if they have not got their own RIB (yet), as it will be the ORR 785 Organization providing the RIBs and the full technical support.

OffShore Rib Rally 785 – Press & Media

The Rib Rally being one of the most spectacular nautical events in the World, is for sure to be seen in the media surrounding the event. Local, national and international reporters and media producers will again be part of the Rib Rally Events.

Due to the fact of high speed rallying, endurance sporting and exotic environments, the Rib Rally is a show to be seen by many TV viewers and Web readers around the globe. Of course, the main website www.rib rally.com is the place to be for directly following the event and its participants adventures.

With a professional media production team on the spot, the Rib Rally enables internationally known sports channels, to broadcast this water sports event in a wide range of countries and even continents.

Sponsoring your team

The Rib Rally welcomes all team sponsors, and offers each team multiple possibilities of having your team sponsored. Logo-spaces on the RIBs, event-issues like small incentives or product-placement, all is possible and discussable. Note that the Rib Rally is a unique event, with unique items to create added value for your sponsoring relations. We are more than happy to provide your team with tips and aids to create your personal sponsor-kit.

Press

The Rib Rally welcomes all members of the Press, interested in reporting about the Event. Whether it is a local article about one of the European Events, or a major story in a national newspaper about the complete tour, we will supply all press agencies with the right footage and possibilities of experiencing the Rib Rally in the right way to create the correct story about it.

OffShore Rib Rally 785 – Sponsor and Business Opportunities

Fast going speedboats, professional drivers and teams, UniClass equipment and sensational locations; the Rib Rally Events offer many aspects for Businesses to become part of the experience.

(Logo) Sponsoring

ORR 785 has 15 identical Ribeye 785s LE RIBs, which can almost be completely customized for partners and sponsors in their look & feel. This creates a logo-space of more than 10m² per RIB, a total of 150m² during the World Final, where Brands can contribute to their image in relation with the Rib Rally. On the boats alone already.

As with the World Final, all equipment is identical for the Teams, this leaves clothing, life-jackets, wetsuits, etc. etc. all as possible branding-area's. Next to that, all of the Event Venues, have the possibility of placing beach-flags, banners, VIP-stands, and everything that can be required for optimizing your brand awareness.

Incentives

The experience of the Rib Rally is one never to forget. Not only for the teams participating in the official rallies, but also for your business relations, when they are joining the RIBs for a shorter or longer stage within an incentive.

Being there where the action is during the official European or World Final Events is a bonus for sure, but the Rib Rally can do more for you. Making your own Business Rally is one of the most favorable options for the ultimate business incentive experience. You create the perfect loyalty treatment while letting us train and rally your guests with the professionals of the Rib Rally.

All is possible, from 1 day trips to complete Rally programs. Always one thing will be for sure: your guests will never forget the experienced you gave them!

OffShore Rib Rally 785 – The Championship...

Sure, we all compete just because of the fun of it! But at the moment we turn that key into the engine, and most likely already long before that moment, the adrenaline starts to rush and the competitive mind takes over...

At each Event, for all the stages points can be gained by the teams, of course all depending on their performance and rallying according to the rules and regulations. In the end, we will count all points gathered by a team, and we will get an Event Champion. And, for the European Tour, we will count all points for all stages, and we will be able to identify the OffShore Rib Rally 785 – European Champion of 2010!

The exact rules and regulations about the points and ranking system are given upon request and of course prior to each event.

World Final – a Championship on its own

For the World Final, a different set of ranking applies, as there will only be one UniClass presented during this Event. At least 6 Rally Stages will be held, next to 2 or 3 other Endurance Sport Stages, all of them with a different value in points to be gathered.

Endurance Sports and Navigational Issues

As mentioned, there is much more to the Rib Rally than just driving your boat as fast from A to B as possible, although that is already much fun indeed! During the European Tour, also navigational and technical courses will be integrated in the Rallies, as boating is more than just putting the throttle down. Compass routing, GPS positions and short course rallying will be part of the events and ranking!

During the World Final, next to the above given challenges, also other endurance sports will be on the program. Rallies might be slightly integrated with some peddling, swimming and/or running, and there is a great chance that again Jetskiing will be part of the Rib Rally World Final again as it has been for the last 2 years as well...

Become the Ultimate Champion of Rib Rally

The European Tour and the World Final will be different championships. However, there is of course the possibility of winning both of those championships! If this amazing fact would happen, you can surely redefine your team as the Ultimate Champions of Rib Rally, which may take other teams a very long time to equalize...

OffShore Rib Rally 785 – The Costa Challenge

In 2009, it was the Costa Challenge that actually created the newly set European Tour, and marked the birth of a new series of nautical events throughout Europe. And, with having great settings in both temperatures and the amazing coast line, it is for sure going to be a steady part of the coming European Tours as well!

Snow covered mountains in sight

Four rallies will be on the program of this event. And with very unpredictable oceans, all of them can differ in great range! On Friday, a magnificent rally to the northern border of Spain is on the program, meaning great views of the snowy peaks of the Pyrenean mountains will try to distract the participants from focusing on the waves. On the way back, the warm Spanish culture welcomes the teams when they reach for the beautiful bay of San Feliu again.

Sparkling Barcelona

Saturday will be the day of the classics, while rallying with high speeds into the waters of sparkling Barcelona!

Entering this amazing city's harbor is already a rush feeling for which full participation is rewarding. Lunching on the boulevard before taking off again towards the final finish makes this experience a true sensation!

OffShore Rib Rally 785 – The UK Classic

With the UK Classic, The Rib Rally brings home Ribbing, as are the words used by Ribeye Marine, our manufacturing partner. Based in Dartmouth, they do set the example of Ribbing in United Kingdom, where there are so many people using their RIBs for leisure and work.

South Western England's truly amazing coastline centralizes around Dartmouth, and is giving a unique atmosphere both on and off the water!

Olympic Venue

On Friday, the first rally will take all teams to another special place in Britain, as Weymouth is one of the Official Hosting Venues of the 2012 Olympic Games! Finishing in this place, gives all teams the extraordinary chance of competing on Olympic Grounds, as we will have our first

Special Stage of the European Tour within the boundaries of its harbor: The Inside Outside Head to Head....

Atlantic Ocean

Rally 3 will take the Rib Rally towards the rougher southern shores of Britain, where we will get a glimpse of the mighty Atlantic Ocean! A truly magnificent scene, which will for sure make all members even more alert on the oceans playground.

After rallying back towards Dartmouth another Special Stage is on the program: the Up River Rally where we will find the true English Pub...

OffShore Rib Rally 785 – The Baltic Adventure

The Baltic Adventure is for sure one of the cornerstones of the Rib Rally European Tour. In 2009, an amazing rally was held within the fjords of Denmark, where multiple navigational tasks were integrated within the rallies. Due to the fast changing wind and land conditions, those rallies were all very different.

High Speed Navigation

Just outside Göteborg about 1000 small islands are waiting to be navigated around! And all with high speed! In order to enable a safe and very exiting rally for all, a partnership with a specialized team in High Speed Navigational Training has been set up. Every team will have a morning training/rally session, where all practical details of High Speed Navigation are explained and trained.

Essential, since out of all those islands, some just lie about 0,5 meter below the water...

Scandinavian scenery at its best

Not only the amazing island scenery of the Swedish coast is what the event will make unique. Also the vibrant Scandinavian culture in and around Göteborg, will provide the most appealing setup for an all-adrenaline adventure.

OffShore Rib Rally 785 – The Scheveningen Triangle

The roots of the Dutch Rib Rally lie within the Sea Grand Prix, previously held in IJmuiden (NED) and Texel (NED). In 2009, the Sea Grand Prix was definitely renamed the Rib Rally – Scheveningen Triangle, and set a firm base in the most well known bathing resort of The Netherlands, Scheveningen, the beach city of bigger The Hague.

With a start and finish right before it's major landmark, The Pier, The Scheveningen Triangle immediately was welcomed by both the local authorities and public as a new spectacular event, creating an attraction at the last weekend of the beach season.

Wide variety in rallying

The Pier in Scheveningen, together with the main harbor entrance just 4 kilometers south, created a perfect setting of realizing a wonderful public event. RIBs rallying with speeds of 100 kilometer per hour, only 400 meters away from the shoreline give the audience a great feeling of the extreme adrenaline rush felt by the participants.

So, The Scheveningen Triangle is a different kind of rally, where the teams will rally in a "short circuit" of triangular shape. This is created as the big finale for the European Tour, in which different talents of teams are required.

On the Saturday, the first day of the Scheveningen Triangle, a long distance rally is still held, where the rally will take all teams towards the South, and head for the Belgian Coast: Zeebrugge!

Combining the stages of the Scheveningen Triangle, with both long distance rallying and a short-circuit technical public rally, it for sure makes it a Rib Rally worth Grand Finale!

OffShore Rib Rally 785 – World Final – The Middle East Experience

The Middle East will give the Rib Rally a new dimension. Great culture, beautiful beaches and amazing waters, all set in a thrilling scenery. The Middle East as a group of countries, offers a great variety of experiences, in which the Rib Rally will dip the participants.

The exact venues and rally stages are not completely known as we speak, but it is for sure that the Rib Rally will continue to create the ongoing challenge of beating the waves and elements with UniClass Ribeyes. Teams will explore the Middle East as never before.

Some possibilities that have been lined up:

Qatar

Just outside of the United Emirates, Qatar has developed itself and its capital Doha, to a well known venue in world class sporting events. Boating, tennis and other major world sports nowadays find their hotspot right in the centre of the Middle East.

Dubai

The most well known place in the fast developing Middle East is for sure Dubai. With its enormous building power and possibilities to create extraordinary places like the indoor ski in the desert and recently the opening of the highest building in the world, it is for sure Dubai that attracts the extremes. And therefore, a place to be for the OffShore Rib Rally 785!

Oman

A less well known bigger country in the Region, Oman is however one of the Pearls of the Middle East. A modern state, which acknowledges the importance of tourism, and has the perfect surroundings in and outside the country to create the true Rib Rally Experience.
