

Rent-a-Ribeye

Discover the joys of boating. Try before you buy.

You can now rent a Ribeye in selected locations around the UK. We get the boat prepared and waiting for you. Then recover it when you've finished. Or you can collect the Ribeye on a trailer and take it away.

When you decide to buy, your rental will be credited against the purchase of a new Ribeye.

Why choose Ribeye **Powered by YAMAHA?**

Our RIBs have fun written all over them. They are family boats ideal for beach hopping, skiing, exploring, fishing, swimming, snorkelling or just sun bathing. They are a favourite for every occasion.

The Ribeye brand has an excellent reputation. Ribeyes are renowned for their reliability and for the quality of build and fit out. All our RIBs are rigged at the Dartmouth headquarters where quality control is paramount.

The **600 A Series** has a genuine deep V load carrying hull. Designed to cut through the impact of the waves, giving a smooth comfortable ride. Like all Ribeyes the A Series handles superbly and is easy to manoeuvre at speed. It is quick on the plane even at speed.

The **A600** is practical and safe. It offers a very dry ride and is reassuring and forgiving to drive. It is an ideal boat for a driver with minimal experience.

The **A600** is powered by a Yamaha F100. Ribeyes are exclusively powered by Yamaha. Yamaha leads the world in high performance marine engines and are renowned for their reliability.

The **A600** Rent-a-Ribeye is MCA* coded for 6 people and carries the full range of safety equipment. (*Harmonised Code of Practice for Small Commercial Motor Vessel Category 4)

Ribeye A600

Ribeye S650

Added benefits

• Many Ribeye Sales Centres who have the backup necessary: launching, storage, moorings, are participating in the scheme. They guarantee a first class level of customer service and professionalism.

• When you rent a Ribeye you automatically become a member of Club Ribeye. Club Ribeye has been created specifically for Ribeye users. It makes available a fantastic range of products and services that complement the Ribeye Brand.

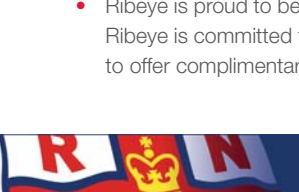

• MDL Marinas, Europe's largest marina group, are making their facilities available in support of the scheme. MDL currently own and operate 20 major marinas and boatyards around the UK and manage over 7000 berths. MDL is also the UK's leading dry stack provider. When you don't need your Ribeye, it's stored safely and securely out of the water. Your Ribeye can then be launched on demand. Imagine the benefits: easy access, increased peace of mind and reduced boat maintenance costs.

MDL Marinas

• Ribeye is proud to be a member of the RNLI's Ambassador Scheme. As an RNLI Ambassador, Ribeye is committed to helping the charity continue its important lifesaving work and is pleased to offer complimentary membership when you rent a Ribeye.
